## Final KConnect web site

<b>Deliverable number</b>	<i>D5.9</i>
<b>Dissemination level</b>	<i>Public</i>
<b>Delivery date</b>	<i>26 July 2017</i>
<b>Status</b>	<i>Final</i>
<b>Author(s)</b>	<i>Mikael Hallin</i>

*This project has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement No 644753 (KConnect)*

---

## Abstract

This deliverable presents the version of the KConnect website at the end of the project. It describes the target audience and the features of the website. It also presents the sustainability plan for the website. The website will be maintained in its final state and with its current URL for at least 5 years after the project end.

## Table of Contents

<b>1</b>	<b>The KConnect Website .....</b>	<b>3</b>
<b>2</b>	<b>Target groups.....</b>	<b>4</b>
<b>3</b>	<b>Important Sections .....</b>	<b>5</b>
<b>4</b>	<b>Sustainability of the Website.....</b>	<b>6</b>

# 1 The KConnect Website

The KConnect website is available at <http://kconnect.eu/>

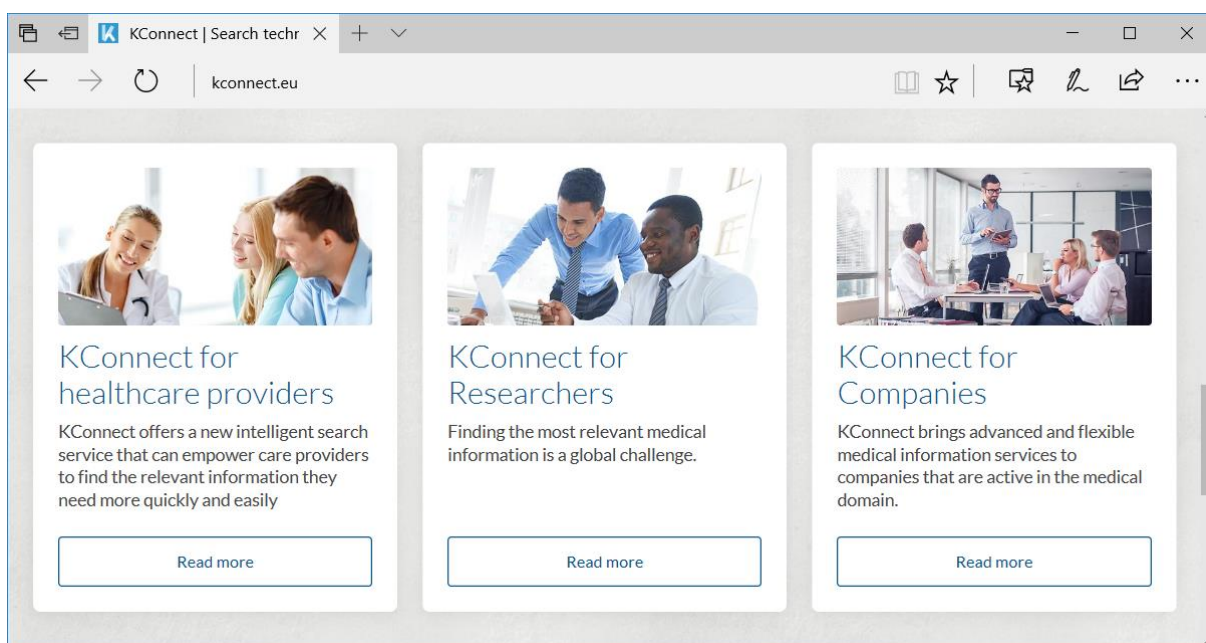

Below is a screenshot of the starting page.

## 2 Target groups

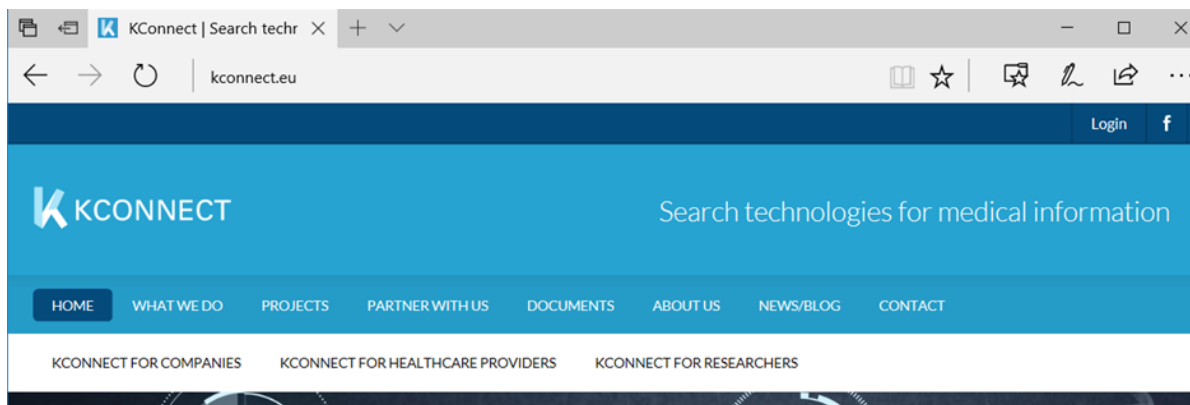

The main purpose of the website is to inform our target audience about “What KConnect is and how they can take advantage of the technology”. We have three main target groups:

- Healthcare providers – public and private organisations that can use KConnect technology for improving healthcare
- Researchers – teams that can use KConnect technology for scientific research
- Companies – system integrators or organisations that can benefit from using KConnect technology in their existing solutions and thereby bring it to the market.

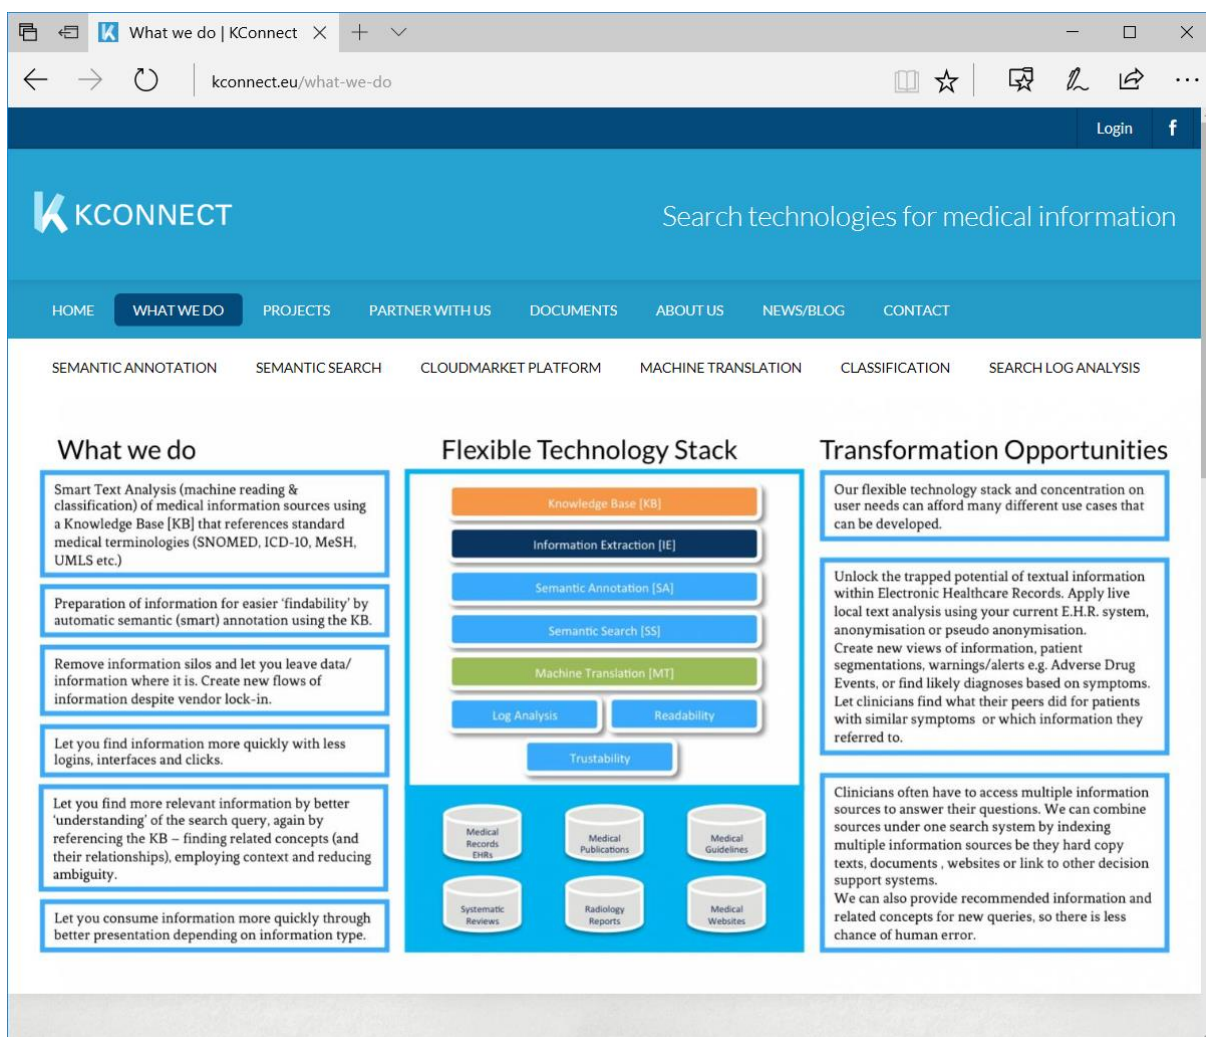

### 3 Important Sections

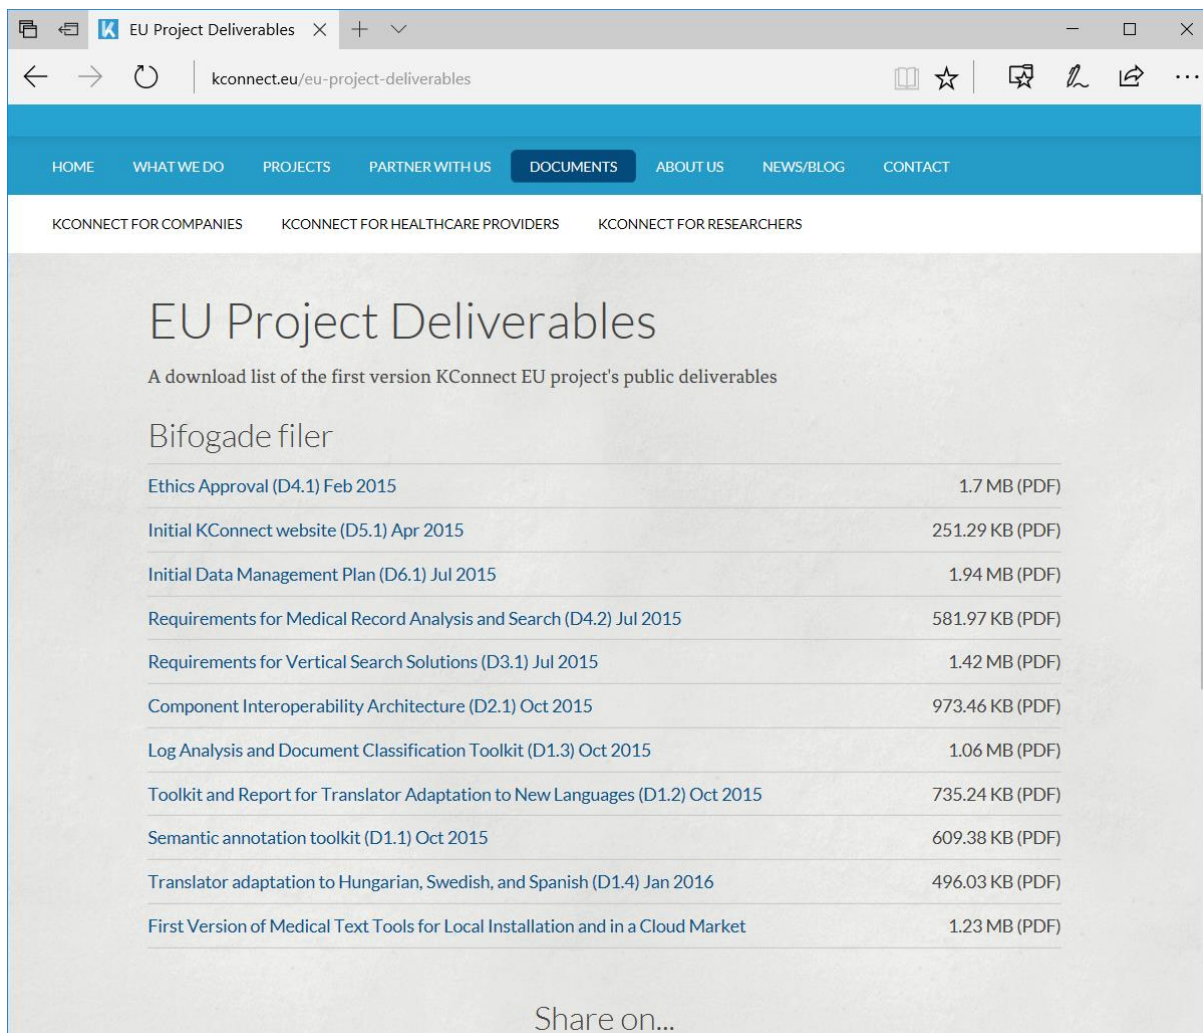

The main sections of the website are shown below. The website is linked to the KConnect Cloud Market platform and the KConnect blog.

The section “What We Do” is the most comprehensive section. Its structure is shown in the image below.

The KConnect public deliverables are in the Documents section. This section will be updated after the project to include all public deliverables.

The screenshot shows a web browser window displaying the 'EU Project Deliverables' page on the KConnect website. The page features a navigation menu with 'DOCUMENTS' highlighted. Below the navigation, there are three sub-sections: 'KCONNECT FOR COMPANIES', 'KCONNECT FOR HEALTHCARE PROVIDERS', and 'KCONNECT FOR RESEARCHERS'. The main content area is titled 'EU Project Deliverables' and includes a subtitle: 'A download list of the first version KConnect EU project's public deliverables'. The page lists 11 deliverables in a table format, each with a title, date, and file size.

Deliverable Title	Date	File Size
Ethics Approval (D4.1)	Feb 2015	1.7 MB (PDF)
Initial KConnect website (D5.1)	Apr 2015	251.29 KB (PDF)
Initial Data Management Plan (D6.1)	Jul 2015	1.94 MB (PDF)
Requirements for Medical Record Analysis and Search (D4.2)	Jul 2015	581.97 KB (PDF)
Requirements for Vertical Search Solutions (D3.1)	Jul 2015	1.42 MB (PDF)
Component Interoperability Architecture (D2.1)	Oct 2015	973.46 KB (PDF)
Log Analysis and Document Classification Toolkit (D1.3)	Oct 2015	1.06 MB (PDF)
Toolkit and Report for Translator Adaptation to New Languages (D1.2)	Oct 2015	735.24 KB (PDF)
Semantic annotation toolkit (D1.1)	Oct 2015	609.38 KB (PDF)
Translator adaptation to Hungarian, Swedish, and Spanish (D1.4)	Jan 2016	496.03 KB (PDF)
First Version of Medical Text Tools for Local Installation and in a Cloud Market		1.23 MB (PDF)

## 4 Sustainability of the Website

The KConnect website will be maintained in its final state and with its current URL for at least 5 years after the project end by Findwise.

The content on the website may be enhanced further after the project to reflect future exploitation of KConnect. This will be done jointly and discussed in the KConnect General Assembly.
